GET TOGETHER.

That is the Advice of Senator Teller to the Silverites.

He Urges Support of the Chicago Nominee in Case He is a Silver Man.

The Senator Writes a Letter to Senator Dubois to That Effect—Patriotism and Less Partisanship is the Need of Our Country at This Time.

CHICAGO, July 3.—In view of the many conflicting statements put in circulation respecting Senator Teller's attitude and the attention of his friends who walked with him out of the St. Louis convention a fortnight ago Senator Dubois Friday morning gave out the following letter from his associate the only one, he said, that had been received from Senator Teller since the adjournment of the republican national convention.

"MORRISON, Ill. June 21, 1896.—Hon. Fred Dubois, Springfield, Ill.—Dear Sir: I reached this place yesterday and will remain here until the last of the week, when I will leave for Denver. I notice that the gold standard democrats have declared their intention to control the Chicago convention. I do not think they can do it. If our silver friends control the convention and give us a good silver man, as I think they will, I think he should have the active support of all who believe the money question is the great question before the American people. We must, for this campaign at least, overlook all minor differences and put the country on a sound financial system that recognizes that gold and silver are the money of the constitution.

"I believe this can be done, and to that end we must bend all our energies. A little more patriotism and a little less partisanship is what our country needs at this time. The friends of silver made no mistake at St. Louis, and we must not make a mistake as to our future alliance with other silver advocates. The cause is of too much importance to admit of carping or criticism. We must all get together and act together until the battle is won. It will be a royal battle, with justice on our side. We must win. Let me hear from you soon. Yours truly, H. M. TELLER."

Will Fight the License.

COLUMBUS, O., July 3.—The local peddlers have formed a union, and will fight the ordinance of council, recently passed, requiring them to pay a license of \$25.

Declared to Be Insane.

XENIA, O., July 3.—John Patton, who killed Eliza Bryan some weeks ago near Jamestown, was declared insane by a jury.

DR. SAULIE, a member of the Pasteur institute of Algiers, has just discovered a vaccine which will prevent sheep rot. He has made many experiments, which he declares to be conclusive. All the vaccinated sheep get a very mild attack of the disease and recover.

ILL-FATED CHICORA.

All Hope Abandoned of Ever Finding the Lost Steamer.

St. JOSEPH, Mich., July 3.—President Graham, of the Graham & Morton Transportation Co., stated Friday that he had abandoned all hope of ever finding the hull of the ill-fated steamer Chicora. For five weeks the tugs Sanford and Payne have been employed in searching for the lost boat and Friday the attempt was given up for all time. The tugs have dragged every foot of water between Stevensville and South Haven, extending the search nine miles out from shore. The company has spent \$10,000 in trying to discover the location of the lost boat.

WILLIAM J. BRYAN, OF NEBRASKA.

Funeral of the Late Mrs. Harriet Beecher Stowe.

HARTFORD, Ct., July 3.—The funeral of Mrs. Harriet Beecher Stowe was held at her late home in this city at five o'clock Thursday afternoon. The services were of the simplest character. Scripture selections were read by Rev. Twitchell, of this city, and the Rev. Chas. T. Weitzel, assistant pastor of Plymouth church, Brooklyn, and prayer was offered by Rev. Francis Goodwin, of this city. A male quartette sang "Nearer, My God, To Thee" and Mrs. Stowe's hymn, "The Other World." The remains will be taken to Andover, Mass., for interment Friday.

North Carolina Populist Convention. RALEIGH, N. C., July 3.—The populist state central committee met here Friday. Senator Marion Butler presiding, and called the state convention to meet at Raleigh, August 13. The committee also elected delegates-at-large to the populist national convention at St. Louis.

Mrs. Pollard's Murderer Hanged. RICHMOND, Va., July 3.—Solomon Marabel, colored, the murderer of Mrs. Pollard, was hanged at Farmville Friday morning.

AT CHICAGO.

Opposing Forces Marshaling Their Hosts for the Fray.

The Silver Men, Satisfied With Their Work, Take a Rest Until Saturday.

Gov. Stone and W. J. Bryan Spoken of for Temporary Chairman—Senator Harris and Maj. Towles for Permanent Chairman and Secretary.

CHICAGO, July 3.—The proverbial calm before the storm prevailed Thursday. Having accomplished everything possible in advance of the arriving of a respectable number of silver delegates on the ground, the democratic bi-

SENATOR JOHN M. PALMER.

metallic national committee and those co-operating with it took a rest from their labors so far as meetings or conferences are concerned, until Friday evening, when another round-up of all of the white metal supporters then in Chicago will be in order. The ranks of the 16 to 1 advocates were reinforced Thursday by the arrival of Dr. J. J. Mott, of North Carolina, and who is chairman of the executive committee of the independent or new silver party, formed in Washington a year ago. For reasons which he deemed sufficient, and which he has not explained, the head of the silverites did not take up his abode at the Sherman house, where the silver headquarters have been established, but instead chose a hostelry on the same street, but a couple of blocks away. From here and without consultation with any of the silver people that had preceded him, he sent out an invitation for a conference on Saturday night of representatives of every party and faction favorable to silver, including populists, silver democrats and silver republicans. As to what it was intended to accomplish by this conference, Dr. Mott was reticent, but the expressions of sentiment among those that flocked to his quarters during the day indicated a decided preference for the nomination next week of such a candidate as could be endorsed by the silver and populist conventions at St. Louis three weeks hence upon a platform dealing with no other issue than that of the free and unlimited coinage of silver. The executive committee of the independent silver party meets here on Saturday and at Friday night's meeting or conference of the democratic bimetallic committee and the silver delegates, a committee will be appointed to meet the independents with a view toward unified action.

The story was carried to the Boies headquarters by newspaper and other visitors that Gov. Stone had made a formal statement for publication, insisting that the Iowa candidate was asking favors from the eastern gold delegates and counting on their votes and that therefore he was not a safe man for the radical free silver following to rally around.

EX-GOV. BOIES.

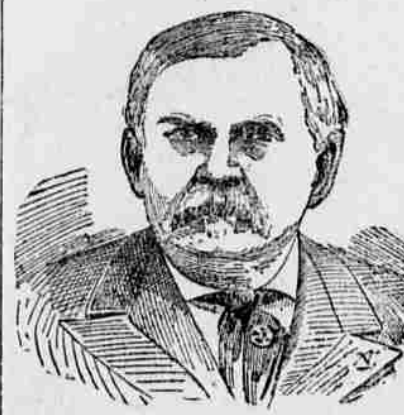

A sign that the convention day was near at hand was visible at the Palmer house, which is to be the principal headquarters of all states. The decorators were in possession of the parlors which are to be used for that purpose and the carpets were being covered in anticipation of the usual crowds. Close to the parlors reserved for the national committee are the New York state headquarters which were decorated Thursday. There were gilt framed likenesses of President Cleveland in a central position, of Senator Hill, of Vice President Stevenson and of ex-Gov. Flower. American flags, framing the entrance door and draped in other parts of the room, completed the tasteful adornment of the Empire state quarters. Nearby, in two parlors opposite each other, were the decorated headquarters of Gov. Matthews, brilliant with the flag of the nation and relieved by the lithographs of Indiana's candidate. The Matthews men are doing things in style, although there is quietness and few visitors. The gold men's Illinois executive committee will open new and elaborate quarters at the Palmer house near the New York parlor and will leave nothing undone to step into the Coliseum with a gold delegation if there is

any chance. Otherwise they will content themselves with joining forces with the eastern democrats and worrying the silver delegates all they can during the convention. The executive committee of seven at a meeting Thursday morning decided to increase their membership to 13, adding the following: Senator John M. Palmer, Controller of the Currency, ex-Congressman Wm. Foran, ex-Judge Thos. A. Moran, Franklin MacVough, ex-Mayor John P. Hopkins and Henry S. Robbins.

A conspicuous addition to the gold forces was ex-Gov. Geo. W. Peck, of Wisconsin, who arrived at the Palmer house and talked with every gold advocate of influence. To the United Press the governor said: "I came from Milwaukee to look after the opening of the Wisconsin headquarters. We are coming here with our gold ideas solidly fixed to join the democratic procession. It takes gold to keep silver moving, you know. The Wisconsin delegation will abide by the will of the majority, as democrats usually do, but we are none the less gold fighters." Gen. Bragg will be here next Monday and the remainder of the Wisconsin delegation will arrive Sunday.

Ex-Congressman Bynum, of Indiana, who has engaged quarters at the Palmer house for the use of a gold standard delegation from Indianapolis, said: "The Indianapolis sentiment is overwhelmingly against free silver. I don't expect a bolt. The Indiana delegates are not that kind, although four are opposed to the silver idea, but they might vote for an independent sound money candidate. I look for such a convention among the sound money democrats, but it will hardly be called by the sound money delegates to this convention. I do not think Mr. Cleveland would accept."

New York, July 3.—The advance guard of the New York democratic delegates started to the Grand Central depot at 4:30 o'clock Thursday afternoon. They went accompanying Mr. Whitney and will show the Chicago silverites the sort of men who, representing New York, will make the fight for gold at the national convention. Mr. Whitney's party included Senator Geo. Gray, of Delaware; Senator J. S. Smith, of New Jersey; ex-Mayor Grant, former Police Commissioner; J. J. Martin, Thomas F. Ryan, Col. G. B. M. Harvey, C. C. Baldwin, Smith M. Weed, Walter Stanton, H. J. McDonald, F. H. Dubignon, Thos. J. Reagan and S. W. Hinckley.

SENATOR GEO. G. VEST, OF MISSOURI.

Senator Vest, of Missouri, Senator Jones, of Nevada, and Gov. Hauser, of Montana, were on the train, but not of the party. Senator Hill, ex-Gov. Russell and ex-Lieut-Gov. Sheehan will join Mr. Whitney at Albany.

A delegation of Tammanyites saw the train off. Mr. Whitney said that he did not know what they could do at Chicago. "There is nothing to be said now," he said. "It has all been said before. We are going to do the best we can."

Senator Gray said: "I expect there will be a silver plank in the Chicago platform but no one knows yet. I do not think Gov. Altgeld will be as big when the New Yorkers get there as he is now."

CHICAGO, July 3.—The silver men Friday afternoon claimed to have everything their own way—that is, when they secure a two-thirds majority in the convention. Just now they fall a few votes short of the requisite number to give them undisturbed control, and Michigan seems to be the pivotal point. If the four gold standard delegates-at-large and the two contested gold votes from one of the districts could be disposed of, silver men could enforce the unit rule in the Michigan delegation and thus could control the convention and nominate any man they agreed upon in caucus. The difficulty lies in the fact that the regular majority of the election of the Michigan gold men is conceded even by the most rampant silverites. They frankly confess that Don Dickinson outwitted them and captured the convention although they assert that the delegates instructed for gold are personally in favor of silver and would vote if uninstructed. The silver leaders admit an unwillingness to imperil the popular wave which they claim is sweeping over the west and south in their favor by resorting to any questionable tactics for the unseating of delegates known to be fairly chosen, and they are looking around for means by which to capture the necessary two-thirds in some way.

The strange fact remains that according to all accepted gossip around headquarters, and with New York not yet heard from, it is assumed that the action of the Chicago convention has been settled in advance with as much certainty as was that of the republican convention at St. Louis. The latest state passed around is: For president, Henry M. Teller, of Colorado.

A cream of tartar Baking Powder. Highest of all in leavening strength—Latest United States Government Food Report. ROYAL BAKING POWDER CO., 106 WALL ST., N. Y.

For vice president, John R. McLean, of Ohio.

For temporary and permanent chairman of the convention, Senator "Joe" Blackburn, of Kentucky.

Some of Senator Blackburn's friends do not limit his aspirations by according him the chairmanship of the convention. Col. Phil Thompson says he will be pushed for the presidency and that ex-Congressman John S. Rhea, of Owensboro, Ky., will place him in nomination.

When the eastern delegates arrive in force Saturday and Sunday, it remains to be seen what kind of an aggressive fight they will be able to make against this cut and dried programme.

THROAT CUT.

Shocking Tragedy in a Little Hamlet in the Suburbs of Cincinnati.

CINCINNATI, July 3.—Early Friday morning Mrs. Wm. Brader, a young woman but recently married, was murdered in cold blood at Covedale, a little hamlet three miles west of the Price Hill corporation line. The case has all the earmarks of a parallel to Pearl Bryan's case, save that only the murderer's ignorance of anatomy prevented him from accomplishing his object—that of decapitating the body.

After assaulting the frightened woman, the young fiend cut her throat, robbed the house and then attempted to set fire to the dwelling to conceal the evidences of his crime.

This over he coolly washed his hands, donned his best clothing and walked from the house, leaving the victim dead and lying in a pool of blood in her own room.

The husband was in this city at the time of the murder. The murderer is believed to be William Haas, a young man whom the couple engaged to help about the house last March. The murderer is at large.

RATTLESNAKE JIM

Strings Up Mike Hickman—The Latter Was Cut Down by His Father in Time to Save His Life.

UPPER SANDUSKY, O., July 3.—A tragedy was narrowly averted near Marshall's Thursday. Mike Hickman and a friend known as "Rattlesnake Jim" quarreled Sunday, the latter being badly whipped. "Rattlesnake Jim" later started with a shotgun to look for Hickman. The latter, with several cronies, overtook Jim, disarmed him, put a rope around his neck and suspended him from a tree. The appearance of the victim's father put the party to flight in time to cut the rope before life was extinct. No arrests have been made.

OHIO CONVICTS

Will No Longer Be Subjected to the Padding Method of Punishment.

COLUMBUS, O., July 3.—The new solitary cells have reached the penitentiary. As a result, beginning next Monday, the degrading practice of using a paddle to punish refractory prisoners will be stopped. The present modus operandi is to order a prisoner to remove his clothes. He is then told the charge against him, and is allowed to state his case. If the "court" decides against him, he is at once seized and paddled. Hereafter convicts will attend court with their clothes on.

Boy Killed, Companion Shocked.

XENIA, O., July 3.—During a storm lightning struck the barn of J. J. Lampert, the North King street florist, where four of his young sons and two Witherspoon boys had taken refuge. Franky Lampert was instantly killed, and George was badly injured. One of the Witherspoon boys was so badly shocked that he did not recover for an hour.

Pastor Sues for Damages.

SALEM, O., July 3.—Rev. Clayton K. Drumheller, for many years pastor of Emanuel Lutheran church, in Knox township, this county, has entered suit at Lisbon, demanding \$15,000 for defamation of character against Mrs. Annie Whiteleather and John D. Scott, two of the leading members of his congregation.

Child Poisoned on Mice.

WEST UNION, O., July 3.—The three-year-old child of Louis Stanberry, a farmer three miles east of here, ate the heads off of 44 matches. He died Friday morning in great agony.

Killed by a Horse Rake.

CHAGRIN FALLS, O., July 3.—James Harris, a prominent farmer of this township, was thrown from a horse rake and killed. The rake passed over him, crushing his skull.

Church Burned.

WAPAKONETA, O., July 3.—Fire entirely destroyed Fairmount church, in Union township. It was insured for \$1,200. It is supposed to have been set on fire.
